

## GOD's Time

### "TIMES" IN PROPHECY

The earth moves around the sun one time each year. Using the "day for a year" measure, one TIME is not 360 natural days but 360 natural years.

½ time = 180 years.

1 time = 360 years

2 times = 720 years

3 times = 1,080 years

3 ½ times = 1,260 years

7 times = 2,520 years

### AFTER TWO DAYS - REVIVE!

One way to look at it.....

HOSEA 6:1-2 Come, and let us return unto the LORD: for he hath torn, and he will heal us; he hath smitten, and he will bind us up. After two days will he revive us: in the third day he will raise us up, and we shall live in his sight.

-AFTER TWO DAYS = AFTER 2000 YEARS

-IN THE THIRD DAY = THE MILLENIUM

The proper question to ask at this point is at what time did the Lord STOP working to revive the nation of Israel? It certainly wasn't during his ministry. It was not even at his death, because he was still confirming the covenant till the end of the week of years.

DAN 9:27

MAR 16:20

Jesus stopped confirming the covenant to Israel as a whole, after he judged them through Stephen. Stephen did not see Jesus sitting, but standing to judge as recorded in...

ACT 7:55

DAN 12:1-3

It was also at the stoning of Stephen, that God chose His first apostle to the Gentiles, thus ceasing to revive Israel as a whole.

ACT 13:46

## GOD's Time

Jesus' ministry began in 26 AD and he confirmed the covenant for seven years... to 33 AD. This means Hosea 6:1, 2 should be dated from this time... reaching until 2033 AD.

We should also realize that it says "after" so the restoration of natural Israel to their Messiah cannot happen before. It is worth considering in comparison with other events, such as the beast speaking, etc.

### HALF HOUR

Since a "day" = 360 years, 1/24 of that "day" would be 7½ natural years.

*This eighth head will not bring true Christianity (spiritual Israel) under captivity because they have another head - Jesus Christ.*

*NOTE that it is the body of the beast itself that forms the eighth head. The 7 heads were different forms of government over the same body. That same body is made up of the common people who, after trying on one form of government after another, finally rise up and take the rule themselves. The eighth head will promise the best results, but it will be the least moral form of natural government.*

<b>Jesus' age:</b>	Born 0	1	2	3	4	5	6	7	8	9	10	11	12

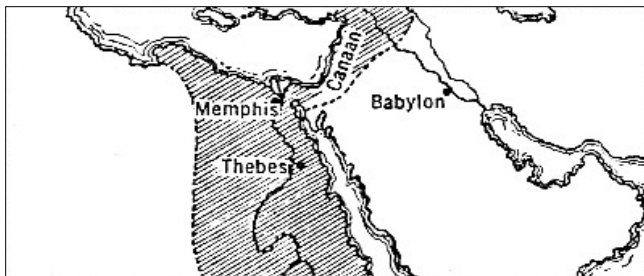

*Herod died on **1 April 4 B.C** in the 37th year of his reign. Jesus was born about 6 months before Herod died and was in Egypt during that event. Therefore he must have been born in **5 B.C**. Jesus was a full four and a half years old before our calendar so it puts his birth back in 5 B.C.*

*History tells us that Archelaus (Herod's son) began his rule in the year his father died and that his third and tenth years of rule were SABBATH years. Because these overlap the BC/AD line, we can see that there was no year zero. Time was counted as Sep. 1 BC, Oct. 1 BC, Nov. 1 BC, Dec. 1 BC, Jan. 1 AD, Feb. 1 AD, Mar. 1 AD, etc.*

*Jesus turned 5 years old around October, 1 AD ...therefore he entered the ministry at about age 30 in 26 AD and was crucified three and a half years later on Passover in April 30 AD. Stephen would have been stoned 3½ years later in mid 33 AD.*

1 CO 10:11

LUK 17:12

A type is a prophetic similitude and 'acted' prophecy. It is as good as the spoken word to instruct and sometimes better. Parables are a form of communication using types.

## GOD's Time

A type is an object lesson for future reference.  
Hebrews 8:5 tells us in one verse that the entire tabernacle, rites and ceremonies are types.  
COL 2:16, 17  
MAT 13; 52

### ANTI-TYPES (FULFILLMENT OF A TYPE)

Events, persons, or statements in the Old Testament are seen as types pre-figuring or superseded by antitypes, events or aspects of Christ or his revelation described in the New Testament. For example, Jonah may be seen as the type of Christ in that he emerged from the fish's belly and thus appeared to rise from death. In the fullest version of the theory of typology, the whole purpose of the Old Testament is viewed as merely the provision of types for Christ, the antitype or fulfillment. The thing typified or signified is always more valuable than the type or sign itself. Anti-types are always greater than types:

Type.....the law written on stone tablets  
Anti-type.....the law written on tables of hearts

The SIN OFFERING, the RAM of CONSECRATION, the TRESSPASS OFFERING... these all describe what they are and represent.

To attempt to know the anti-type without knowing the type first, is like trying to reach some end without using the means.

We must never confuse the accessories which help to make a thing into a type with the actual type itself or we will find ourselves bogged down and confused about the anti-types. For example:

- ..... The tail on the Passover Lamb
- ..... The snuff dishes for the candlestick
- ..... The pokers for the brazen altar

### ADAM NAMING THE ANIMALS, ETC.

WATERS brought forth fish and fowls  
GEN 1:20

EARTH brought forth cattle, creeping things and beasts  
GEN 1:24, 25

*These were all natural creatures. God gave made the water and the earth produce them. However, the earth did not "bring forth" Adam. God formed him himself, out of a different element.*

God, Himself, formed Adam out of dust of the GROUND  
GEN 2:7

*These are three different Hebrew words used in these verses, and are quite different in meaning.*

#4325: **Mym** "mayim" or waters

#776: אֶרֶץ "eh'-retz" or earth

#127: **hm+d+a~** - "adamah" or ground

*Adam, himself, was not brought forth from the "ehretz-earth" as the natural animals were, but was formed out of the "adamah-ground" from whence he got his name, "Adam".*

GEN 2:15-17

*Adam's "adamah-ground" body could hunger, thirst, be tempted, tire, etc. In fact, he was created with an empty stomach, and the first recorded conversation God had with Adam was about making choices when filling himself.*

*Adam understood that he would have to make choices. He was not created to automatically love God - he would have to choose to love and serve God. This was indeed, a lonely spot, and God recognized it in verse 18. However, God had to prepare Adam before he could have a wife.*

GEN 2:19

*The beasts and fowls that God brought before Adam to name were ALSO formed out of the same "adamah-ground". These were not natural animals, but rather creature characteristics that Adam saw that were part of his own human nature. God simply formed them out of Adam's heart so he could know his body had a nature similar to the natural creatures.*

*In naming every living creature, Adam was facing his own nature and establishing communication with God. It was necessary for Adam to know what was in him BEFORE God brought Eve into the picture. He could not have become her head, otherwise.*

GEN 2:20-23

*When Adam saw Eve, he knew where she came from.... He saw the whole "zoo" in her as well. Adam knew that God was placing him to be Eve's teacher, and that once she had learned to choose wisely, together they would become safe parents for their offspring.*

GEN 1:27,28

*They were to become fruitful first, and multiply afterwards. You know the rest of the story.*

### VIALS OF WRATH COMPARED TO TRUMPETS

REV 16

Chapter 16 covers all seven vials. It is interesting to note that the seven vials of wrath have a connection to the seven silver trumpets - in that they deal with the same elements. This does not mean that the vials and trumpets

are the same thing. Rather, the trumpets blow a warning of things about to commence, and the vials show God's final judgment that will come upon those things. What the trumpets "set up," the vials "tear down." Compare them.....
